COMMUNITY REINVESTMENT ACT STATEMENT
of
GUARDIAN SAVINGS BANK

In accordance with the provisions of the Community Reinvestment Act of 1977 and FDIC Regulations 12 CFR Part 25, the following is the CRA statement of Guardian Savings Bank, located at 6100 West Chester Road, West Chester, OH 45069.

Guardian Savings Bank is a state chartered, savings bank which is dedicated to serving the various savings and credit needs of the citizens of our community.

This statement delineating our major local lending areas and setting forth the types of credit we offer to the community, is prepared for review by our depositors, loan customers and interested members of the community pursuant to the Community Reinvestment Act.

Types of Loans

The types of loans that Guardian Savings Bank can offer are limited by law and government regulation. Examples of loans offered include:

- One to four family owner occupied and non-owner occupied conventional residential loans;
- Multi-family residential loans;
- Second mortgage and/or additional collateral secured loans;
- Construction loans;
- Acquisition and land development loans;
- Lot loans;
- Commercial mortgage loans i.e.: office buildings, retail stores, warehouses and churches;
- Home Equity Lines of Credit.

Guardian Savings Bank's Mortgage Lending Policy is available in all of our offices (MYGSB), and any loan officer can provide more detailed information on the various types of credit that we offer.

Deposit Relationships

Guardian Savings Bank also offers the following deposit services to its customers:

- Checking Accounts
- Savings Accounts
- Certificates of Deposit
- IRA Accounts
- Wire Transfers
- Debit Cards
- Online Banking/Remote Banking
- 24 Hour Telephone Automated Customer Service

Local Community Boundary Lines

Delineation of local community boundary lines is shown through the attached maps and brief description of our primary lending areas. Our primary lending areas includes a wide spectrum of neighborhoods, districts and persons of all income levels and races. Designation of our primary lending areas does not mean that we do not make loans outside of these areas, but rather that this is where the vast majority of our loans are made. The Bank has defined its assessment areas to include:

<u>Cincinnati</u>	All of, Butler County, OH; Clermont County, OH; Hamilton County, OH; Warren County, OH; Boone County, KY; Campbell County, KY and Kenton County, KY.
<u>Lexington</u>	All of Fayette County.
<u>Louisville</u>	All of Jefferson County.

Under the Federal Community Reinvestment Act (CRA), the Federal Deposit Insurance Corporation (FDIC) evaluates our record of helping to meet the credit needs of this community consistent with safe and sound operations. The FDIC also takes this record into account when deciding on certain applications submitted by us.

Your involvement is encouraged.

You are entitled to certain information about our operations and our performance under the CRA, including, for example, information about our branches, such as their location and services provided at them; the public section of our most recent CRA Performance Evaluation, prepared by the FDIC; and comments received from the public relating to our performance in helping to meet community credit needs, as well as our responses to those comments. You may review this information today.

At least 30 days before the beginning of each quarter, the FDIC publishes a nationwide list of the banks that are scheduled for CRA examination in that quarter. This list is available from the Regional Director, FDIC, Division of Supervision and Consumer Protection (DSC), 300 South Riverside Plaza, Suite 1700, Chicago IL 60606. You may send written comments about our performance in helping to meet community credit needs to Mr. Kirk M. Koppenhoefer at Guardian Savings Bank, 6100 West Chester Rd, West Chester, OH 45069 and the FDIC Regional Director. You may also submit comments electronically through the FDIC's Website at www.fdic.gov/regulations/cra. Your letter, together with any response by us, will be considered by the FDIC in evaluating our CRA performance and may be made public.

You may ask to look at any comments received by the FDIC Regional Director. You may also request from the FDIC Regional Director an announcement of our applications covered by the CRA filed with the FDIC. We are an affiliate of Guardian Bancorp, a savings and loan holding company. You may request from the FDIC Regional Director, an announcement of applications covered by the CRA filed with the FDIC.

The efforts of Guardian Savings Bank to put forth special credit related programs is evidenced by the variety of loan products available to customers and prospective customers.

The Board of Directors, management, loan officers and originators have also been actively involved in various community organizations, as well as in direct contact with realtors as another means of assessing the credit needs of our communities.

Credit extended to all segments of the community shall be offered in a manner consistent with safe and sound lending practices. Guardian Savings Bank does not and will not discriminate against any applicant on the basis of ethnicity, race, color, religion, national origin, gender, age, handicap, marital status or because an applicant resides in or is purchasing a home in a low-to-moderate income area.

Guardian Savings Bank is dedicated to the principle that effective marketing efforts, products and customer service goals are synonymous with the spirit of the Community Reinvestment Act. The committed efforts of Guardian Savings Bank to reach the communities that it serves can be evidenced by the "Bank's extensive advertising". Advertising is primarily through major metropolitan and minority newspapers located in our assessment areas. On occasion, however, the Bank has also used radio and other community circulars as a means of marketing the Bank's products and services. In 2023 the Bank also expanded its efforts through digitization. The Bank is taking a targeted approach through digital efforts through advertisement, the Bank's website and use of social media channels.

The Bank's Board of Directors, management and employees are also involved in a variety of community and civic organizations.

Guardian Savings Bank has established *Community Action Committees* in its assessment areas (Cincinnati, Lexington and Louisville) through which many of the Bank's CRA and non-CRA donations flow and the volunteer efforts of its Board of Directors, management and employees are enhanced.

Guardian Savings Bank has participated with the several third parties, such as FHLB Welcome Home, ADDI Funds, Kentucky Housing Corp., and OHFA, providing customers with down payment assistance towards the purchase of their home. The Bank also provided some customers with Closing Cost Assistance, funds paid directly by the Bank on behalf of the borrowers.

In 2023 the Bank also expanded its Home Improvement Loan, to also allow customers to use the funds not only for Home Improvement, but to assist those with increased property taxes and escrow shortages. This loan is a forgivable loan balance over the term of the loan.

This document is an evaluation of this institution's record of meeting the credit needs of its entire community, including low- and moderate-income (LMI) neighborhoods, consistent with safe and sound operation of the institution. This evaluation is not, nor should it be construed as, an assessment of the financial condition of this institution. The rating assigned to this institution does not represent an analysis, conclusion, or opinion of the federal financial supervisory agency concerning the safety and soundness of this financial institution.

INSTITUTION RATING

INSTITUTION'S CRA RATING: This institution is rated **Satisfactory**.

An institution in this group has a satisfactory record of helping to meet the credit needs of its assessment area, including low- and moderate-income neighborhoods, in a manner consistent with its resources and capabilities.

The Lending Test is rated Satisfactory.

- The loan-to-deposit ratio is reasonable given the institution's size, financial condition, and assessment area needs.
- The bank made a substantial majority of its home mortgage loans within the assessment areas.
- The geographic distribution of loans reflects reasonable dispersion throughout its assessment areas.
- The distribution of borrowers reflects reasonable penetration of borrowers of different income levels.
- The institution did not receive any CRA-related complaints since the previous evaluation; therefore, this factor did not affect the Lending Test.

The Community Development Test is rated Satisfactory.

The institution's community development performance demonstrated adequate responsiveness to community development needs of its assessment areas through loans, qualified investments and donations, and services. Examiners considered the institution's capacity and the needs and availability of such opportunities for community development in the assessment areas.

DESCRIPTION OF INSTITUTION

Guardian Savings Bank (Guardian) is headquartered in West Chester, Ohio, and is a wholly-owned subsidiary of Guardian Bancorp, Inc., a one-bank financial services holding company also based in West Chester, Ohio. The bank has one affiliate, Union Savings Bank, which is headquartered in Cincinnati, Ohio. Guardian received a "Satisfactory" rating at its previous Office of the Comptroller of the Currency Performance Evaluation, dated February 24, 2020, based on the Interagency Intermediate Small Institution Examination Procedures.

Operations

Guardian operates in two states, with 12 full-service branches in Ohio and Kentucky. The bank operates seven branches within Butler, Clermont, and Hamilton Counties in Ohio, and five branches within Fayette, Kenton, Campbell, and Boone Counties in Kentucky. Guardian has not closed any branches since the previous evaluation; however, it opened one branch in June 2020 in Hamilton County, Ohio, which is located in a moderate-income census tract in the Cincinnati, OH-KY-IN MSA. Guardian did not close or relocate any branches and did not merge or acquire any institutions during the evaluation period.

Guardian offers a range of banking products and services, including deposit and lending products. Deposit products include consumer and business checking, savings, certificate of deposits, and individual retirement accounts. The bank also offers mobile and online banking to customers. Guardian’s primary business and lending focus is owner-occupied single-family residential real estate loans; however, the bank also offers multi-family and limited commercial loans. In addition to portfolio originations, Guardian facilitates the origination of home mortgage loans on the secondary market, primarily selling to Freddie Mac (FHLMC) and the Federal Home Loan Bank (FHLB). Guardian does not own or operate any automated teller machines (ATMs); however, has arranged for customers to use all PNC Bank National Association ATMs free of charge.

Ability and Capacity

As reported in the June 30, 2022, Consolidated Reports of Condition and Income (Call Report), bank assets totaled approximately \$1.1 billion, loans totaled approximately \$512.4 million, and deposits totaled approximately \$955.7 million. The following table provides a breakdown of the bank’s loan portfolio.

Loan Portfolio Distribution as of 06/30/2022		
Loan Category	\$(000s)	%
Construction, Land Development, and Other Land Loans	10,186	2.0
Secured by 1-4 Family Residential Properties	448,610	87.6
Secured by Multifamily (5 or more) Residential Properties	34,781	6.8
Secured by Nonfarm Nonresidential Properties	18,817	3.7
Total Real Estate Loans	512,394	100.0
Consumer Loans	4	< 0.1
Total Loans	512,398	100.0
<i>Source: Call Report</i>		

Examiners did not identify any financial, legal, or other impediments that affect the bank’s ability to meet the credit needs of the assessment area.

DESCRIPTION OF ASSESSMENT AREAS

The CRA requires each financial institution to define one or more assessment areas within which its performance will be evaluated. Guardian has designated two separate assessment areas, including the multi-state Cincinnati, OH-KY-IN MSA (Cincinnati MSA) assessment area, and the Lexington-Fayette, KY MSA (Lexington MSA) assessment area in the State of Kentucky.

The Cincinnati MSA assessment area consists of the entirety of Butler, Clermont, Hamilton, and Warren Counties in Ohio, and Boone, Campbell, and Kenton Counties in Kentucky. The Lexington MSA assessment area consists of the entirety of Fayette County, Kentucky. Subsequent sections of this evaluation will discuss demographic and economic information for each assessment area. Additionally, the following table details the weighting of each assessment area when considering the volume of loans, deposits, and branches.

The bank's assessment area designations are in conformance with the CRA requirements, as they consists of whole, contiguous census tracts and do not arbitrarily exclude low- or moderate-income census tracts. Examiners performed full-scope reviews of both assessment areas.

Assessment Area Breakdown of Loans, Deposits, and Branches						
Assessment Area	Loans		Deposits		Branches	
	\$(000s)	%	\$(000s)	%	#	%
Cincinnati MSA	1,995,265	83.1	831,304	87.0	10	83.3
Lexington MSA	406,851	16.9	124,257	13.0	2	16.7
Total	2,402,116	100.0	955,561	100.0	12	100.0

Source: 2020-2021 Bank Data; FDIC Summary of Deposits (06/30/2022)

Guardian’s performance in the Cincinnati MSA assessment area carried the most weight when drawing conclusions, as it contains the largest portion of the bank’s loans, deposits, and branch locations.

SCOPE OF EVALUATION

General Information

This evaluation uses the Interagency Intermediate Small Bank Examination Procedures and covers the period from the previous evaluation dated February 24, 2020, to the current evaluation date of November 9, 2022. Examiners evaluated the bank's performance under the criteria noted in the Appendix. Banks must achieve at least a "Satisfactory" rating under both the Lending and Community Development Tests to obtain a "Satisfactory" or higher overall rating. Examiners did not consider affiliate or subsidiary activity during the current evaluation.

Activities Reviewed

Based on June 30, 2022 Call Report data, examiners determined the bank’s major product line continues to be home mortgage lending. This determination considered the bank’s business strategy, loan portfolio composition, and number and dollar amount of loans originated during the evaluation period. No other loan types, such as small business, small farm, or consumer lending represent a major product line; therefore, examiners did not analyze these areas, as they do not provide material support for conclusions or ratings.

Examiners considered all home mortgage loans reported on the bank’s 2020 and 2021 Home Mortgage Disclosure Act (HMDA) Loan Application Registers. In 2020, Guardian originated 6,983 home mortgage loans totaling \$1.3 billion, and 7,942 home mortgage loans totaling \$1.5 billion in 2021. Examiners analyzed and presented both 2020 and 2021 HMDA data under the Geographic Distribution and Borrower Profile criteria. Aggregate HMDA data and 2015 American Community Survey (ACS) data served as standards of comparison in analyzing home mortgage lending, with examiners generally focusing on the comparison to aggregate data, as it is a better indicator of market demand and lending opportunities.

For the Lending Test, examiners analyzed and presented both the number and dollar volume of home mortgage loans; however, examiners emphasized performance on the number as loans, as this is a better indicator of the number of individuals served by the institution. In evaluating the Geographic Distribution and Borrower Profile criteria, examiners only evaluated loans extended within the assessment areas.

For the Community development test, examiners considered all applicable community development loans, qualified investments and donations, and services since January 1, 2020.

CONCLUSIONS ON PERFORMANCE CRITERIA

LENDING TEST

Guardian demonstrated reasonable performance under the Lending Test. Geographic Distribution and Borrower Profile performance primarily support this conclusion.

Loan-to-Deposit (LTD) Ratio

The LTD ratio is reasonable given the institution’s size, financial condition, and assessment area credit needs. The LTD ratio, calculated from Call Report data, averaged 65.0 percent over the past 10 quarters, from March 31, 2020, to June 30, 2022. The ratio fluctuated greatly during the evaluation period and ranged from a high of 82.7 percent on June 20, 2020, to a low of 50.3 percent on March 31, 2022. In order to assess the adequacy of the bank’s ratio, examiners reviewed the results relative to four other similarly situated institutions that were selected primarily based on asset size and geographic location.

Loan-to-Deposit (LTD) Ratio Comparison		
Bank	Total Assets as of 06/30/2022 (\$000s)	Average Net LTD Ratio (%)
Guardian Savings Bank	1,105,185	65.0
Similarly-Situated Institution #1	1,504,084	69.8
Similarly-Situated Institution #2	978,129	81.3
Similarly-Situated Institution #3	1,225,513	79.4
Similarly-Situated Institution #4	2,201,937	67.9
<i>Source: Call Report 03/31/2020-06/30/2022</i>		

As shown in the following table, Guardian maintained a ratio that was on the lower-end of the range relative to those of similarly situated institutions. However, Guardian’s performance was still deemed reasonable, as the bank sells a very large volume of its loans on the secondary market, so its overall lending volume relative to these other banks is comparable when considering those loans that are not maintained in its portfolio.

Assessment Area Concentration

As shown in the following table, Guardian made a substantial majority of its home mortgage loans, by number and dollar volume, within the assessment area.

Lending Inside and Outside of the Assessment Area										
Loan Category	Number of Loans				Total	Dollar Amount of Loans \$(000s)				
	Inside		Outside			Inside		Outside		Total
	#	%	#	%		#	\$	%	\$	%
Home Mortgage										
2020	5,958	85.3	1,025	14.7	6,983	1,143,121	85.1	200,758	14.9	1,343,879
2021	6,799	85.6	1,143	14.4	7,942	1,258,995	84.3	235,195	15.7	1,494,190
Total	12,757	85.5	2,168	14.5	14,925	2,402,115	84.6	435,953	15.4	2,838,069

Source: Bank Data. Due to rounding, totals may not equal 100.0%.

Geographic Distribution

The geographic distribution of home mortgage loans reflects reasonable dispersion throughout the assessment areas. This conclusion is supported by consistent performance in both rated areas. Additional details regarding Guardian’s performance within the two assessment areas are detailed within subsequent sections.

Borrower Profile

The distribution of borrowers reflects reasonable penetration among individuals of different income levels throughout the assessment areas. This conclusion is supported by consistent performance in both rated areas. Additional details regarding Guardian’s performance within the two assessment areas are detailed within subsequent sections.

In order to serve LMI populations, Guardian continues to participate in a variety of down payment assistance programs, including the Federal Home Loan Bank’s Welcome Home Program, The Port Authority’s Community First Ohio and Kentucky Association of Counties Housing Trust, The Ohio Housing Finance Agency, the Kentucky Housing Authority, and more. Additionally, Guardian created a Special Community Outreach Loan Program, in which borrowers in LMI census tracts receive up to \$3,000 of closing costs for FHA, VA, and RHS purchase loans.

Response to Complaints

The institution has not received any CRA-related complaints since the previous evaluation; therefore, this criterion did not affect the Lending Test rating.

COMMUNITY DEVELOPMENT TEST

Guardian demonstrated adequate responsiveness to the community development needs of its assessment areas through qualified loans, investments, and services. Examiners considered the institution’s

capacity, need and availability of such opportunities, as well as similarly situated bank’s performance. Examiners selected similar banks based on asset size, geographic location, and lending focus. This conclusion is supported by consistent performance in both rated areas. Refer to subsequent sections of this evaluation for specific assessment area performance.

Community Development Loans

Guardian originated or renewed 41 community development loans totaling approximately \$4.6 million since January 1, 2020. Since the institution sufficiently met the credit needs of its assessment areas, examiners qualified one community development loan, totaling \$1.3 million, which benefited an area outside of the assessment areas (but in the broader statewide area). This level of total activity represents 0.4 percent of total assets and 0.9 percent of total loans.

Guardian’s performance is similar to those of five similarly situated banks, whose community development loans ranged from 0.5 to 1.7 percent of total assets and 0.7 to 2.6 percent of total loans. Additionally, community development loans as a percent of total loans nearly doubled since the previous evaluation. The following table displays the bank’s overall lending activity by assessment area, all of which supported affordable housing efforts.

Community Development Lending by Assessment Area										
	Affordable Housing		Community Services		Economic Development		Revitalize or Stabilize		Totals	
Assessment Area	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)
Cincinnati MSA	37	1,818	-	-	-	-	-	-	37	1,818
Lexington MSA	3	1,497	-	-	-	-	-	-	3	1,497
Regional Activities	1	1,318	-	-	-	-	-	-	1	1,318
Total	41	4,633	0	0	0	0	0	0	41	4,633

Source: Bank Data.

Qualified Investments

Guardian made 174 community development investments and donations totaling approximately \$1.2 million. Since the institution sufficiently met the credit needs of its assessment areas, examiners qualified one community development donation totaling \$1 thousand, which benefited an area outside of the assessment areas. Consistent with previous evaluation performance, this level of activity represents 0.1 percent of total assets as of June 30, 2022.

Guardian’s performance is similar to those of five similarly situated banks, whose community development investments ranged from 0.1 to 1.2 percent of total assets. While the bank’s performance is on the low end of this range, it is also important to consider that the bank does not maintain a securities portfolio, so opportunities for qualified investments are limited relative to traditional bank portfolios that maintain significant assets in securities. The following table displays the bank’s overall investment and donation activity by assessment area.

Community Development Investments by Assessment Area										
Assessment Area	Affordable Housing		Community Services		Economic Development		Revitalize or Stabilize		Totals	
	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)
Cincinnati MSA	39	318	111	687	3	5	7	49	160	1,059
Lexington MSA	7	70	6	23	-	-	-	-	13	93
Regional Activities	-	-	1	1	-	-	-	-	1	1
Total	46	388	118	711	3	5	7	49	174	1,153

Source: Bank Data.

Community Development Services

Guardian employees provided 117 instances of financial expertise and technical assistance to various community development organization throughout the assessment areas. Guardian’s performance is similar to those of five similarly situated banks, whose services ranged from 44 to 347 instances. The following table displays the bank’s overall service activity by assessment area.

Community Development Services by Assessment Area					
Assessment Area	Affordable Housing	Community Services	Economic Development	Revitalize or Stabilize	Totals
	#	#	#	#	#
Cincinnati MSA	75	28	0	-	103
Lexington MSA	14	0	0	-	14
Total	89	28	0	-	117

Source: Bank Data.

DISCRIMINATORY OR OTHER ILLEGAL CREDIT PRACTICES REVIEW

The bank’s compliance with the laws relating to discrimination and other illegal credit practices was reviewed, including the Fair Housing Act and the Equal Credit Opportunity Act. Examiners did not identify any discriminatory or other illegal credit practices.

CINCINNATI MSA ASSESSMENT AREA – Full Scope Review

CRA RATING FOR CINCINNATI MSA ASSESSMENT AREA: SATISFACTORY

The Lending Test is rated: Satisfactory

The Community Development Test is rated: Satisfactory

DESCRIPTION OF INSTITUTION’S OPERATIONS IN THE CINCINNATI MSA ASSESSMENT AREA

The Cincinnati MSA assessment area consists of all portions of Butler, Clermont, Hamilton, and Warren Counties in Ohio; and Boone, Campbell, and Kenton Counties in Kentucky. All seven counties in the assessment area are located in the Cincinnati MSA, which consists of 15 total counties.

Guardian operates ten branches within this assessment area, including the main office in West Chester, Butler County, Ohio. Of the ten branches, two are located in moderate-income census tracts, six are located in middle-income census tracts, and two are located in upper-income census tracts.

Economic and Demographic Data

Based on 2015 ACS, the Cincinnati MSA assessment area consists of 463 census tracts with the following income designations: 63 low-income, 97 moderate-income, 170 middle-income, and 124 upper-income tracts. The assessment area also includes nine census tracts without an income designation. The following table illustrates relevant demographic characteristics of the assessment area considered within the evaluation.

Demographic Information of the Assessment Area						
Assessment Area: Cincinnati MSA						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #
Geographies (Census Tracts)	463	13.6	21.0	36.7	26.8	1.9
Population by Geography	1,976,032	8.7	17.7	39.0	33.4	1.3
Housing Units by Geography	847,321	10.7	19.1	39.3	30.3	0.5
Owner-Occupied Units by Geography	500,413	4.2	14.3	42.3	39.2	0.1
Occupied Rental Units by Geography	261,527	18.9	26.9	35.4	17.7	1.1
Vacant Units by Geography	85,381	23.8	23.6	34.1	17.2	1.3
Businesses by Geography	145,339	7.0	17.6	35.9	38.5	1.0

Household Distribution by Income Level	761,940	25.2	15.2	17.0	42.6	0.0
FFIEC 2020 Median Family Income MSA - 17140 Cincinnati, OH-KY-IN MSA		\$80,100	Median Housing Value			\$158,731
FFIEC 2021 Median Family Income MSA - 17140 Cincinnati, OH-KY-IN MSA		\$81,900	Median Gross Rent			\$768
			Families Below Poverty Level			10.3%

Source: 2015 ACS and 2021 D&B Data. Due to rounding, totals may not equal 100.0%. () The NA category consists of geographies that have not been assigned an income classification*

According to the 2015 ACS data, the assessment area contains 847,321 housing units, of which 59.1 percent are owner-occupied, 30.9 percent are rental units, and 10.0 percent are vacant. The Geographic Distribution criterion compares the bank's home mortgage lending to the distribution of owner-occupied housing units in the assessment area.

Examiners considered unemployment data, when evaluating the bank’s ability to lend within the assessment area. According to the U.S. Bureau of Labor Statistics, the assessment area experienced increased unemployment levels, ranging from 4.4 to 7.0 percent, likely due to the COVID-19 Pandemic. This could indicate potential difficulties and weaknesses in the labor force and lending opportunities. The assessment area levels were comparable to the Kentucky and Ohio state averages.

Examiners used the Federal Financial Institutions Examination Council (FFIEC) median family income estimates to analyze home mortgage lending under the Borrower Profile criterion. The following table outlines the ranges for the assessment area during the evaluation period.

Cincinnati, OH-KY-IN MSA Median Family Income Ranges (17140)				
Median Family Incomes	Low < 50%	Moderate 50% to < 80%	Middle 80% to < 120%	Upper ≥ 120%
2020 (\$80,100)	< \$40,050	\$40,050 to < \$64,080	\$64,080 to < \$96,120	≥ \$96,120
2021 (\$81,900)	< \$40,950	\$40,950 to < \$65,520	\$65,520 to < \$98,280	≥ \$98,280
<i>GSource: FFIEC</i>				

Competition

Guardian operates in a highly competitive environment with many competing institutions, including national banks and credit unions. According to the June 30, 2022 FDIC Deposit Market Share data, 51 financial institutions operate 575 branches within the assessment area. Of these institutions, Guardian ranks 13th with 0.5 percent of the deposit market share, demonstrating the high level of competition.

Aggregate HMDA data also identifies a significant level of competition for home mortgage loans within the assessment area. In 2020, 619 lenders originated or purchased 118,701 home mortgage loans, with the top three lenders originating 18.9 percent of these loans. Guardian ranked fifth among these lenders, with 4.2 percent of the market share. In 2021, 648 lenders originated or purchased 125,135 home mortgage loans, with the top three lenders originating 18.8 percent of these loans. Meaning, in one calendar year, 29 additional lenders competed for only 6,434 more home mortgage loans. In 2021, Guardian ranked sixth among these lenders with 4.5 percent of the market share.

Community Contact

As part of the evaluation process, examiners contact third parties active in the assessment area to assist in identifying credit and community development needs and opportunities, including banks’ responsiveness to those needs.

Examiners reviewed a recent community contact with a representative from an affordable housing organization in Hamilton County, Ohio. The organization focuses on eliminating and reducing the homeownership gap regarding LMI areas and borrowers. The contact stated there is an affordable housing crisis, for both LMI housing and rental properties in the Cincinnati region that has significantly worsened since the COVID-19 pandemic. Additionally, the contact stated their organization has identified opportunities for banks to invest and offer more credit products, including down payment assistance programs, to assist in home ownership and preservation for LMI individuals and families.

Credit and Community Development Needs and Opportunities

Considering information from the community contact, bank management, and demographic and economic data, examiners determined that home mortgage, specifically affordable housing efforts, represent the primary credit and community development needs of the assessment area. As discussed above, community contacts identified down payment assistance programs as a primary need, in which Guardian has addressed throughout the evaluation period.

SCOPE OF EVALUATION – CINCINNATI MSA ASSESSMENT AREA

Examiners provided greater weight to Guardian’s performance within the Cincinnati MSA assessment area, given the volume of loans, deposits, and branches located within the area. Examiners conducted a full-scope review of the assessment area for both the Lending and Community Development Tests.

CONCLUSIONS ON PERFORMANCE CRITERIA IN THE CINCINNATI MSA ASSESSMENT AREA

LENDING TEST

Guardian demonstrated reasonable performance under the Lending Test. Geographic Distribution and Borrower Profile performance primarily support this conclusion.

Geographic Distribution

The geographic distribution of loans reflects reasonable dispersion throughout the assessment area. The distribution of home mortgage loans supports this conclusion. As shown below, performance in low-income census tracts was slightly below aggregate in 2020 and 2021; however, performance increased by 1.6 percentage points in 2021 to closer align with aggregate and demographic data.

Guardian’s performance in moderate-income census tracts trailed aggregate in both 2020 and 2021, by 3.0 and 3.4 percentage points, respectively. As previously discussed, Guardian opened the Kennedy Heights branch in Hamilton County, Ohio, in June 2020, which is located in a moderate-income census tract, likely contributing to the increase in performance in 2021 by 1.5 percentage points. Considering the efforts and impact of the new branch location, examiners consider overall performance reasonable.

Geographic Distribution of Home Mortgage Loans Assessment Area: Cincinnati MSA						
Tract Income Level	% of Owner-Occupied Housing Units	Aggregate Performance % of #	#	%	\$(000s)	%
Low						
2020	4.2	2.6	72	1.4	9,447	1.0

<i>Source: 2015 ACS; Bank Data, 2020 & 2021 HMDA Aggregate Data, "--" data not available. Due to rounding, totals may not equal 100.0%</i>						

Borrower Profile

The distribution of borrowers reflects reasonable penetration among individuals of different income levels. As shown below, 2020 and 2021 performance to moderate-income borrowers was similar to aggregate performance and demographic data. Notably, in 2021, Guardian’s performance to moderate-income borrowers exceeded the percent of families by 2.2 percent.

Although Guardian’s performance to low-income borrows was significantly below the percent of families throughout the evaluation period, performance is considered reasonable as 10.3 percent of families in the assessment area reported income levels below the poverty level, which generally limits demand and lending opportunities. Additionally, performance increased in 2021 by 2.7 percentage points to closer align with aggregate performance.

COMMUNITY DEVELOPMENT TEST

Guardian demonstrated adequate responsiveness to the community development needs of the assessment area through. Adequate community development loan, investment, and service performance support this conclusion. In addition, Guardian made a \$125 thousand dollar capital investment to a minority deposit institution in Ohio, further supporting this conclusion.

Community Development Loans

Guardian originated 37 community development loans in the Cincinnati MSA assessment area, totaling approximately \$1.8 million during the evaluation period, all of which supported affordable housing efforts. This volume represents 54.8 percent of the total qualified lending originated by the bank in its assessment area, which is somewhat limited relative to the size of its operations in this market. The following table illustrates the bank's community development loans by year and purpose.

Community Development Lending Assessment Area: Cincinnati MSA										
Activity Year	Affordable Housing		Community Services		Economic Development		Revitalize or Stabilize		Totals

Source: Bank Data.

Below are notable examples of Guardian’s qualified loans within the assessment area:

- Throughout the evaluation period, Guardian participated in a local Habitat for Humanity participation loan pool, funding 33 loans totaling \$1.3 million
- Guardian originated an \$800 thousand dollar loan for a multi-family housing unit, which will provide affordable housing in a moderate-income census tract

Qualified Investments

Guardian made one investment and 159 donations totaling approximately \$1.1 million in the Cincinnati MSA assessment area. The volume represents 91.8 percent of the bank’s qualified activity, which slightly exceeds the concentration of lending and deposits concentrated in this market. The following table illustrates the bank’s community development investments by year and purpose.

Below are notable examples of Guardian’s qualified investments and donations:

- Throughout the evaluation period, Guardian made multiple donations, totaling nearly \$194 thousand dollars, to support community service activities targeted to LMI individuals.
- Guardian donated nearly \$15 thousand dollars to sponsor LMI-targeted homebuyer education sessions.

Community Development Services

Guardian employees provided 103 instances of financial expertise and technical assistance to numerous community developed-related originations within the assessment area. This volume of qualified service activities represents 88.0 percent of the bank’s total and is consistent with its operations in the Cincinnati market. The following table illustrates the banks community development services by year and purpose.

In addition to these services, Guardian maintains two branches in LMI geographies, including the new Kennedy Heights branch opened in 2020 in the assessment area, which demonstrates the availability of banking services to LMI individuals.

YTD 2022	52	2	-	-	54
Total	75	28	0	0	103
<i>Source: Bank Data.</i>					

Below are notable examples of Guardian’s qualified services within the assessment area:

- Management and employees participated in a complex and innovative workforce development program, geared towards LMI individuals, in which students participate in banking-career training and are placed in various financial institutions for paid internships.
- Bank employees collaborated with a local community development organization to open multiple individual development accounts (IDA) geared toward homeownership. Furthermore, employees used financial expertise to provide specific training to LMI individuals regarding the IDAs.

STATE OF KENTUCKY – Full Scope Review

CRA RATING FOR KENTUCKY: Satisfactory

The Lending Test is rated: Satisfactory

The Community Development Test is rated: Satisfactory

DESCRIPTION OF INSTITUTION’S OPERATIONS IN KENTUCKY

The State of Kentucky rated area consists of one assessment area, the Lexington MSA assessment area, which consists of all portions of Fayette County, Kentucky. Guardian operates two branches within this assessment area, which are located in a middle- and upper-income census tract.

Economic and Demographic Data

Based on 2015 ACS, the bank’s assessment area consists of 82 census tracts with the following income designations: 10 low-income, 18 moderate-income, 28 middle-income, and 26 upper-income tracts. The following table illustrates relevant demographic characteristics of the assessment area considered within the evaluation.

Demographic Information of the Assessment Area						
Assessment Area: Lexington MSA						
Demographic Characteristics	#	Low % of #	Moderate % of #	Middle % of #	Upper % of #	NA* % of #
Geographies (Census Tracts)	82	12.2	22.0	34.1	31.7	0.0

			Families Below Poverty Level			12.1%

Source: 2015 ACS and 2021 D&B Data. Due to rounding, totals may not equal 100.0%. () The NA category consists of geographies that have not been assigned an income classification.*

According to 2015 ACS data, the assessment area contains 137,885 housing units, of which 49.4 percent are owner-occupied, 41.7 percent are rental units, and 8.8 percent are vacant. The Geographic Distribution criterion compares the bank's home mortgage lending to the distribution of owner-occupied housing units in the assessment area.

According to the U.S. Bureau of Labor Statistics, the assessment area experienced increased unemployment levels, ranging from 3.9 to 5.6 percent, likely due to the COVID-19 Pandemic, indicating potential weaknesses in the labor force and difficulties for lending opportunities. The assessment area levels were comparable to the State of Kentucky, but below the national average. Examiners considered unemployment data when evaluating the bank’s ability to lend within the assessment area.

Examiners used the FFIEC median family income estimates to analyze home mortgage lending under the Borrower Profile criterion. The following table outlines the ranges for the assessment area during the evaluation period.

Lexington-Fayette, KY MSA Median Family Income (30460)				
Median Family Incomes	Low < 50%	Moderate 50% to < 80%	Middle 80% to < 120%	Upper ≥ 120%
2020 (\$79,400)	< \$39,700	\$39,700 to < \$63,520	\$63,520 to < \$95,280	≥ \$95,280
2021 (\$75,500)	< \$37,750	\$37,750 to < \$60,400	\$60,400 to < \$90,600	≥ \$90,600

Source: FFIEC

Competition

Guardian operates in a highly competitive environment with many competing institutions, including national banks and credit unions. According to the June 30, 2022 FDIC Deposit Market Share data, 33 financial institutions operate 118 branches within the assessment area. Of these institutions, Guardian ranks 16th with 1.0 percent of the deposit market share.

Aggregate HMDA data identifies a significant level of competition for home mortgage loans within the assessment area. In 2020, 348 lenders originated or purchased 17,145 home mortgage loans, with the top three lenders originating 17.8 percent of these loans, indicating a concentrated home mortgage market. Guardian ranked third among these lenders, with 5.5 percent of the market share. In 2021, 355 lenders originated or purchased 17,649 home mortgage loans, with the top three lenders originating 20.2 percent of these loans. Consistent with 2020 performance, Guardian again ranked third among these lenders with 6.3 percent of the market share.

Community Contact

As part of the evaluation process, examiners contact third parties active in the assessment area to assist in identifying credit and community development needs and opportunities, including banks' responsiveness to those needs.

Examiners reviewed a recent community contact with a representative from an affordable housing organization in the assessment area. The contact noted the community was in a recovery period from the pandemic for a majority of the review period. Additionally, the contact noted that banks have adequately addressed a majority of credit needs within the community; however, there is a consistent need for affordable housing.

Credit and Community Development Needs and Opportunities

Considering information from the community contact, bank management, and demographic and economic data, examiners determined that home mortgage lending, specifically affordable housing efforts, represents the primary credit needs of the assessment area.

SCOPE OF EVALUATION – LEXINGTON MSA ASSESSMENT AREA

The State of Kentucky is the secondary focus of this evaluation, as the Lexington MSA assessment area has fewer of the bank's deposits, loans, and branches. As such, this assessment area contributed less weight to overall conclusions. Examiners conducted a full-scope review of the assessment area for both the Lending and Community Development Tests.

CONCLUSIONS ON PERFORMANCE CRITERIA IN THE LEXINGTON MSA ASSESSMENT AREA

LENDING TEST

Guardian demonstrated reasonable performance under the Lending Test. Geographic Distribution and Borrower Profile performance primarily support this conclusion.

Geographic Distribution

The geographic distribution of loans reflects reasonable dispersion throughout the assessment area. As shown below, Guardian's performance within low-income census tracts throughout the evaluation period was comparable to aggregate. Furthermore, examiners noted improvement in 2021 performance by 2.0 percentage points. Similar to performance within low-income census tracts, Guardian's performance within moderate-income tracts trailed aggregate; however, 2021 performance increased by 3.1 percentage points to more closely align with peer. Considering the factors above, overall performance was marginal, but reasonable.

Geographic Distribution of Home Mortgage Loans Assessment Area: Lexington MSA						
Tract Income Level	% of Owner-Occupied Housing Units	Aggregate Performance % of #	#	%	\$(000s)	%
Low						
2020	6.3	3.7	13	1.4	1,822	0.9
2021	6.3	4.6	38	3.4	2,590	1.2
Moderate						
2020	16.2	13.0	83	8.7	11,284	5.8
2021	16.2	14.6	132	11.8	16,280	7.6
Middle						
2020	35.2	32.6	287	30.1	54,122	28.0

<i>Source: 2015 ACS; Bank Data, 2020 & 2021 HMDA Aggregate Data, "--" data not available. Due to rounding, totals may not equal 100.0%</i>						

Borrower Profile

The distribution of borrowers reflects reasonable penetration among individuals of different income levels. Guardian’s performance to low-income borrowers is significantly below the percent of families and slightly below aggregate performance; however, examiners consider this performance reasonable considering 12.1 percent of families within the assessment area reported income levels below the poverty level. As previously discussed, families with incomes below the poverty level have limited financial resources and generally do not have the capacity to support a home mortgage, limiting the opportunity and demand for lending to low-income borrowers.

As shown below, Guardian’s performance to moderate-income borrowers exceeds the percent of families throughout the review period, by 2.1 percentage points in 2020 and 3.2 percentage points in 2021. Additionally, Guardian’s performance remains consistent with aggregate.

COMMUNITY DEVELOPMENT TEST

Guardian demonstrated adequate responsiveness to the community development needs of the assessment area. Adequate community development loans and community development services performance support this conclusion.

Community Development Loans

Guardian originated three community development loans totaling approximately \$1.5 million. This volume activity represents 45.2 percent of the total qualified lending activity originated by the bank in its assessment areas, which significantly outpaces the concentration of loans and deposits that the institution maintains in the Lexington MSA. The following table illustrates the bank's community development loans by year and purpose.

Community Development Lending Assessment Area: Lexington MSA										
Activity Year	Affordable Housing		Community Services		Economic Development		Revitalize or Stabilize		Totals	
	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)

Total	3	1,497	0	0	0	0	0	0	3	1,497
<i>Source: Bank Data</i>										

Below is a notable example of Guardian’s qualified loans within the assessment area:

- Guardian originated a \$772.5 thousand dollar loan for a multi-family housing unit, which will provide affordable housing in a moderate-income census tract in the assessment area

Qualified Investments

Guardian made 13 donations totaling approximately \$93 thousand in the Lexington MSA assessment area. This represents 8.1 percent of the bank’s total qualified investment activity, which slightly trails the percentage of loans and deposits that are garnered from this market. The following table illustrates the bank’s community development investments by year and purpose.

Qualified Investments Assessment Area: Lexington MSA										
Activity Year	Affordable Housing		Community Services		Economic Development		Revitalize or Stabilize		Totals	
	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)	#	\$(000s)

Total	7	70	6	23	0	0	0	0	13	93
<i>Source: Bank Data</i>										

Below are notable examples of Guardian’s qualified donations within the assessment area:

- Guardian donated \$5,000 to an LMI-targeted pediatric residential recovery home for drug-exposed newborns, specifically for funding an additional pediatric location
- Throughout the evaluation period, Guardian donated approximately \$50 thousand to an independent living facility for low-income physically and mentally challenged adults.

Community Development Services

Guardian employees provided 14 instances of financial expertise and technical assistances to community development-related originations within the assessment area. This volume of activity represents 12.0 percent of the bank’s total qualified service activity, which is relatively consistent with its operations in this market. The following table illustrates the banks community development services by year and purpose.

Community Development Services Assessment Area: Lexington MSA					
Activity Year	Affordable Housing	Community Services	Economic Development	Revitalize or Stabilize	Totals
	#	#	#	#	#

Below are notable examples of Guardian’s qualified services within the assessment area:

- Seven senior officers serve on the Boards of four organizations that support affordable housing initiatives.

APPENDICES

INTERMEDIATE SMALL BANK PERFORMANCE CRITERIA

Lending Test

The Lending Test evaluates the bank's record of helping to meet the credit needs of its assessment area(s) by considering the following criteria:

- 1) The bank's loan-to-deposit ratio, adjusted for seasonal variation, and, as appropriate, other lending-related activities, such as loan originations for sale to the secondary markets, community development loans, or qualified investments;
- 2) The percentage of loans, and as appropriate, other lending-related activities located in the bank's assessment area(s);
- 3) The geographic distribution of the bank's loans;
- 4) The bank's record of lending to and, as appropriate, engaging in other lending-related activities for borrowers of different income levels and businesses and farms of different sizes; and
- 5) The bank's record of taking action, if warranted, in response to written complaints about its performance in helping to meet credit needs in its assessment area(s).

Community Development Test

The Community Development Test considers the following criteria:

- 1) The number and amount of community development loans;
- 2) The number and amount of qualified investments;
- 3) The extent to which the bank provides community development services; and
- 4) The bank's responsiveness through such activities to community development lending, investment, and service needs.

SUMMARY OF RATINGS FOR RATED AREAS

Rated Area	Lending Test	Community Development Test	Rating
Cincinnati MSA	Satisfactory	Satisfactory	Satisfactory
Lexington MSA	Satisfactory	Satisfactory	Satisfactory

GLOSSARY

Aggregate Lending: The number of loans originated and purchased by all reporting lenders in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

American Community Survey (ACS): A nationwide United States Census survey that produces demographic, social, housing, and economic estimates in the form of five year estimates based on population thresholds.

Area Median Income: The median family income for the MSA, if a person or geography is located in an MSA; or the statewide nonmetropolitan median family income, if a person or geography is located outside an MSA.

Assessment Area: A geographic area delineated by the bank under the requirements of the Community Reinvestment Act.

Census Tract: A small, relatively permanent statistical subdivision of a county or equivalent entity. The primary purpose of census tracts is to provide a stable set of geographic units for the presentation of statistical data. Census tracts generally have a population size between 1,200 and 8,000 people, with an optimum size of 4,000 people. Census tract boundaries generally follow visible and identifiable features, but they may follow nonvisible legal boundaries in some instances. State and county boundaries always are census tract boundaries.

Combined Statistical Area (CSA): A combination of several adjacent metropolitan statistical areas or micropolitan statistical areas or a mix of the two, which are linked by economic ties.

Community Development: For loans, investments, and services to qualify as community development activities, their primary purpose must:

- (1) Support affordable housing for LMI individuals;
- (2) Target community services toward LMI individuals;
- (3) Promote economic development by financing small businesses or farms; or
- (4) Provide activities that revitalize or stabilize LMI geographies, designated disaster areas, or distressed or underserved nonmetropolitan middle-income geographies.

Community Development Corporation (CDC): A CDC allows banks and holding companies to make equity type of investments in community development projects. Bank CDCs can develop innovative debt instruments or provide near-equity investments tailored to the development needs of the community. Bank CDCs are also tailored to their financial and marketing needs. A CDC may purchase, own, rehabilitate, construct, manage, and sell real property. Also, it may make equity or debt investments in development projects and in local businesses. The CDC activities are expected to directly benefit LMI groups, and the investment dollars should not represent an undue risk on the banking organization.

Community Development Financial Institutions (CDFIs): CDFIs are private intermediaries (either for profit or nonprofit) with community development as their primary mission. A CDFI

facilitates the flow of lending and investment capital into distressed communities and to individuals who have been unable to take advantage of the services offered by traditional financial institutions. Some basic types of CDFIs include community development banks, community development loan funds, community development credit unions, micro enterprise funds, and community development venture capital funds.

A certified CDFI must meet eligibility requirements. These requirements include the following:

- Having a primary mission of promoting community development;
- Serving an investment area or target population;
- Providing development services;
- Maintaining accountability to residents of its investment area or targeted population through representation on its governing board of directors, or by other means;
- Not constituting an agency or instrumentality of the United States, of any state or political subdivision of a state.

Community Development Loan: A loan that:

- (1) Has as its primary purpose community development; and
- (2) Except in the case of a wholesale or limited purpose bank:
 - (i) Has not been reported or collected by the bank or an affiliate for consideration in the bank's assessment area as a home mortgage, small business, small farm, or consumer loan, unless it is a multifamily dwelling loan (as described in Appendix A to Part 203 of this title); and
 - (ii) Benefits the bank's assessment area(s) or a broader statewide or regional area including the bank's assessment area(s).

Community Development Service: A service that:

- (1) Has as its primary purpose community development;
- (2) Is related to the provision of financial services; and
- (3) Has not been considered in the evaluation of the bank's retail banking services under § 345.24(d).

Consumer Loan(s): A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, home equity loans, other secured consumer loans, and other unsecured consumer loans.

Core Based Statistical Area (CBSA): The county or counties or equivalent entities associated with at least one core (urbanized area or urban cluster) of at least 10,000 population, plus adjacent counties having a high degree of social and economic integration with the core as measured through commuting ties with the counties associated with the core. Metropolitan and Micropolitan Statistical Areas are the two categories of CBSAs.

Distressed Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as distressed if it is in a county that meets one or more of the following triggers:

- (1) An unemployment rate of at least 1.5 times the national average;

- (2) A poverty rate of 20 percent or more; or
- (3) A population loss of 10 percent or more between the previous and most recent decennial census or a net migration loss of 5 percent or more over the 5-year period preceding the most recent census.

Family: Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include non-relatives living with the family. Families are classified by type as either a married-couple family or other family. Other family is further classified into “male householder” (a family with a male householder and no wife present) or “female householder” (a family with a female householder and no husband present).

FFIEC-Estimated Income Data: The Federal Financial Institutions Examination Council (FFIEC) issues annual estimates which update median family income from the metropolitan and nonmetropolitan areas. The FFIEC uses American Community Survey data and factors in information from other sources to arrive at an annual estimate that more closely reflects current economic conditions.

Full-Scope Review: A full-scope review is accomplished when examiners complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is analyzed considering performance context, quantitative factors (e.g., geographic distribution, borrower profile, and total number and dollar amount of investments), and qualitative factors (e.g., innovativeness, complexity, and responsiveness).

Geography: A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

Home Mortgage Disclosure Act (HMDA): The statute that requires certain mortgage lenders that do business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applicants; the amount of loan requested; and the disposition of the application (approved, denied, and withdrawn).

Home Mortgage Loans: Includes closed-end mortgage loans or open-end line of credits as defined in the HMDA regulation that are not an excluded transaction per the HMDA regulation.

Housing Unit: Includes a house, an apartment, a mobile home, a group of rooms, or a single room that is occupied as separate living quarters.

Limited-Scope Review: A limited-scope review is accomplished when examiners do not complete all applicable interagency examination procedures for an assessment area. Performance under applicable tests is often analyzed using only quantitative factors (e.g., geographic distribution, borrower profile, total number and dollar amount of investments, and branch distribution).

Low-Income: Individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent in the case of a geography.

Low Income Housing Tax Credit: The Low-Income Housing Tax Credit Program is a housing program contained within the Internal Revenue Code of 1986, as amended. It is administered by the U.S. Department of the Treasury and the Internal Revenue Service. The U.S. Treasury Department distributes low-income housing tax credits to housing credit agencies through the Internal Revenue Service. The housing agencies allocate tax credits on a competitive basis.

Developers who acquire, rehabilitate, or construct low-income rental housing may keep their tax credits. Or, they may sell them to corporations or investor groups, who, as owners of these properties, will be able to reduce their own federal tax payments. The credit can be claimed annually for ten consecutive years. For a project to be eligible, the developer must set aside a specific percentage of units for occupancy by low-income residents. The set-aside requirement remains throughout the compliance period, usually 30 years.

Market Share: The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

Median Income: The median income divides the income distribution into two equal parts, one having incomes above the median and other having incomes below the median.

Metropolitan Division (MD): A county or group of counties within a CBSA that contain(s) an urbanized area with a population of at least 2.5 million. A MD is one or more main/secondary counties representing an employment center or centers, plus adjacent counties associated with the main/secondary county or counties through commuting ties.

Metropolitan Statistical Area (MSA): CBSA associated with at least one urbanized area having a population of at least 50,000. The MSA comprises the central county or counties or equivalent entities containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.

Middle-Income: Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 and less than 120 percent in the case of a geography.

Moderate-Income: Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 and less than 80 percent in the case of a geography.

Multi-family: Refers to a residential structure that contains five or more units.

Nonmetropolitan Area (also known as non-MSA): All areas outside of metropolitan areas. The definition of nonmetropolitan area is not consistent with the definition of rural areas. Urban and

rural classifications cut across the other hierarchies. For example, there is generally urban and rural territory within metropolitan and nonmetropolitan areas.

Owner-Occupied Units: Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

Qualified Investment: A lawful investment, deposit, membership share, or grant that has as its primary purpose community development.

Rated Area: A rated area is a state or multistate metropolitan area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multistate metropolitan area, the institution will receive a rating for the multistate metropolitan area.

Rural Area: Territories, populations, and housing units that are not classified as urban.

Small Business Investment Company (SBIC): SBICs are privately-owned investment companies which are licensed and regulated by the Small Business Administration (SBA). SBICs provide long-term loans and/or venture capital to small firms. Because money for venture or risk investments is difficult for small firms to obtain, SBA provides assistance to SBICs to stimulate and supplement the flow of private equity and long-term loan funds to small companies. Venture capitalists participate in the SBIC program to supplement their own private capital with funds borrowed at favorable rates through SBA's guarantee of SBIC debentures. These SBIC debentures are then sold to private investors. An SBIC's success is linked to the growth and profitability of the companies that it finances. Therefore, some SBICs primarily assist businesses with significant growth potential, such as new firms in innovative industries. SBICs finance small firms by providing straight loans and/or equity-type investments. This kind of financing gives them partial ownership of those businesses and the possibility of sharing in the companies' profits as they grow and prosper.

Small Business Loan: A loan included in "loans to small businesses" as defined in the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$1 million or less and are either secured by nonfarm nonresidential properties or are classified as commercial and industrial loans.

Small Farm Loan: A loan included in "loans to small farms" as defined in the instructions for preparation of the Consolidated Report of Condition and Income (Call Report). These loans have original amounts of \$500,000 or less and are either secured by farmland, including farm residential and other improvements, or are classified as loans to finance agricultural production and other loans to farmers.

Underserved Middle-Income Nonmetropolitan Geographies: A nonmetropolitan middle-income geography will be designated as underserved if it meets criteria for population size, density, and dispersion indicating the area's population is sufficiently small, thin, and distant from a

population center that the tract is likely to have difficulty financing the fixed costs of meeting essential community needs.

Upper-Income: Individual income that is 120 percent or more of the area median income, or a median family income that is 120 percent or more in the case of a geography.

Urban Area: All territories, populations, and housing units in urbanized areas and in places of 2,500 or more persons outside urbanized areas. More specifically, “urban” consists of territory, persons, and housing units in places of 2,500 or more persons incorporated as cities, villages, boroughs (except in Alaska and New York), and towns (except in the New England states, New York, and Wisconsin).

“Urban” excludes the rural portions of “extended cities”; census designated place of 2,500 or more persons; and other territory, incorporated or unincorporated, including in urbanized areas.
